## Summary

---

I'm an undergraduate student from Moi University in Bachelor of Engineering in Manufacturing and Industrial Engineering, a field that combines engineering principles with business and management skills. I recently completed an Engineering Internship at Revital EPZ, a leading Pharmaceutical Manufacturing Industry in Africa, where I gained valuable hands-on experience in various aspects of the operation. Through this multifaceted experience, I developed my technical, analytical, and problem-solving skills, as well as my ability to work in a team and adapt to changing environments. I am eager to join an organization that values innovation, quality, and collaboration, and that can offer me opportunities for learning and growth.
